

# MAXIMUS-L

#1 DUTY RATED SOUND SUPPRESSOR ON THE MARKET TODAY Via PEW SCI

## SPECS:

Length	6.25 inches
Blast Baffle Depth	1.5 inches
Diameter	1.625 inches
Weight	14 oz
Material	INCONEL
Caliber	5.56/.223
Caliber Range	.17 to .223
Finish	Cerakote® C-Series
Colors:	C-129, C-244, C-190
Sound Reduction	-34 dB
Mount Style	1 3/8 x 24 (HUB)
Full-Auto Rated	Yes

## PATENT PENDING

The premier 3D-printed Inconel firearm suppressor leads the industry in sound, flash, and gas blowback reduction while offering unmatched durability and versatility. Manufactured from aerospace-grade Inconel using state-of-the-art additive technology, this suppressor withstands extreme heat and stress, ensuring reliability and performance in even the harshest conditions.

## PEW SCIENCE REPORT COMPARISON

## KEY FEATURES

**Superior Sound Suppression:** Engineered for exceptional sound reduction, this suppressor is hearing safe at the shooter's ear and ensures minimal down-range noise, making it ideal for tactical, hunting, or precision shooting applications where discretion is key.

**Minimal Impact on Bolt Velocity and Ejection Angle:** Advanced internal gas management minimizes backpressure, ensuring negligible changes to bolt velocity or ejection angles. This feature enhances firearm reliability and reduces wear on internal components during extended use.

**SOCOM Stress Test:** Designed to endure and excel under the most rigorous conditions, this suppressor consistently passes 10 SOCOM Stress Test Firing tables. From rapid sustained fire to harsh environmental testing, it performs flawlessly, maintaining structural integrity and consistent suppression.

**Operator Safety with Minimal Toxins:** By optimizing gas redirection and dissipation, this suppressor significantly reduces harmful toxins and debris in the operator's face, promoting a cleaner and safer shooting experience.

Additionally, the suppressor is equipped with the industry-standard 1.375x24 (1 3/8x24) HUB mount attachment system, enabling seamless compatibility with a wide range of muzzle devices for maximum versatility.

This Inconel suppressor represents the pinnacle of modern suppressor design, setting the gold standard for performance, safety, and durability, trusted by professionals and enthusiasts alike.

**WARRANTY INFORMATION:** Centurion Arms LLC provides a limited lifetime warranty against all manufacturing defects on all suppressor products manufactured by Centurion Arms LLC.
